

SCOPE OF THE INTEGRATED MANAGEMENT SYSTEM

The integrated management system of SANBORN s.r.o. comprises management systems in accordance with ISO 9001, ISO 14001, ISO 45001 and EN 9100 within the scope of activities and sites specified below. The individual standards apply only to the sites for which they are explicitly stated.

Certification scopes of the individual sites:

Velké Meziříčí – ČSN EN ISO 9001, ČSN EN ISO 14001 and ČSN EN ISO 45001

Address: Třebíčská 1507/87, 594 01 Velké Meziříčí, Czech Republic

Scope: Machining and repairs of general engineering machine parts to customer specifications; Manufacture of high strength studs, bolts and nuts; Manufacture and refurbishment of composite metal bearings; Ensuring repair and refurbishment of water, steam and gas turbines.

Brno – ČSN EN ISO 9001 and ČSN EN ISO 14001

Address: Vlastimila Pecha 1302/2, 627 00 Brno–Černovice, Czech Republic

Scope: Manufacture of precision-machined components, high-strength studs, bolts and nuts, and assembly subassemblies in accordance with customer specifications, including precision metal machining, fabrication and finishing operations.

Brno – EN 9100

Address: Vlastimila Pecha 1302/2, 627 00 Brno–Černovice, Czech Republic

Scope: Precise machining of supporting parts for the aerospace industry used in the construction of airframes, engines, hydraulic systems and satellite carriers made of steel, aluminium, titanium, nickel and cobalt alloys according to customer requirements.

Znojmo – ČSN EN ISO 9001 and ČSN EN ISO 14001

Address: Tovární 883/11, 669 02 Znojmo 2, Czech Republic

Scope: Manufacture of precision-machined components, high-strength studs, bolts and nuts, and assembly subassemblies in accordance with customer specifications, including precision metal machining, fabrication and finishing operations, and heat treatment.

Znojmo – EN 9100

Address: Tovární 883/11, 669 02 Znojmo 2, Czech Republic

Scope: Precision machining of parts according to customer specifications from steel, aluminum alloys, and plastics.

The requirements of Clause 8.3 of ISO 9001 and EN 9100 are not applicable because the company does not perform product or service design and development and manufactures in accordance with customer technical documentation and specifications. Production engineering, CNC programming and the design of internal manufacturing aids do not constitute design and development of the delivered product.

The IMS scope is available to relevant interested parties at <https://www.sanborn.cz/en/>.

Velké Meziříčí, 20 August 2026
